

## 6 Creative Ways to Decorate the Awkward Corners in Your Home

In a perfect world, we'd live in a beautiful space where every square inch was decorated to perfection. In reality? It's not *that* easy.

From slanted ceilings to arbitrarily placed alcoves, most homes feature their fair share of awkward books and crannies that make it difficult to deck out your space.

Truth is, those awkward spaces aren't as big of design challenges as you think. They are actually great opportunities to flex your decorating muscle. To help make the most out of your space, a handful of design experts share their best tips for decorating those oh-so awkward spaces.

### 1. Take a Seat

“Add a sectional sofa to an awkward corner. It’s the easiest and most practical solution when it comes to trying to utilize that space and cleans up the edges of a room. You can switch up the shape, it increases seating capacity and it also promotes conversation amongst family members and guests.”—**Liz Caan** of [Liz Caan & Co.](#)
